I would like the Conejo Missions Committee to consider supporting the following national or international mission/ministry opportunity:

Describe the mission field and its receptivity to the Gospel:

Describe who oversees the mission and their commitment to the mission:

Describe any connection this ministry has to the Conejo Valley Church of Christ:

What opportunities exist for Conejo members to participate in this mission?

Is this a one-time need or is there opportunity for continuing partnership with Conejo?

As a result of this mission, what is the likelihood of a self-sustaining church growing under local leadership?

Describe how the mission would communicate its needs and successes with Conejo:

Please list any additional information to be considered: Indicate specifically how Conejo would impact this mission (e.g., Would Conejo be contributing a small portion of the mission's support, or would Conejo be the sole or biggest supporter?)
